# ENTERAL FEEDING PUMPS

Easy to use and easy to set up, **easylit6** & **easymoov6** enteral feeding pumps are intuitive and adapted to stationary and ambulatory needs in hospital and homecare.

## easylit6

A simple pump, designed for stationary use

## easymoov6

An intuitive pump, designed for ambulatory use

### Powerful

A continuous rotary peristaltic rotor helps delivering high viscosity food

### Quiet

A continuous rotary peristaltic rotor allows the pumps to be quiet. This is especially appreciated for night feeding

### Easy to clean

Pumps rounded shapes allow easy decontamination

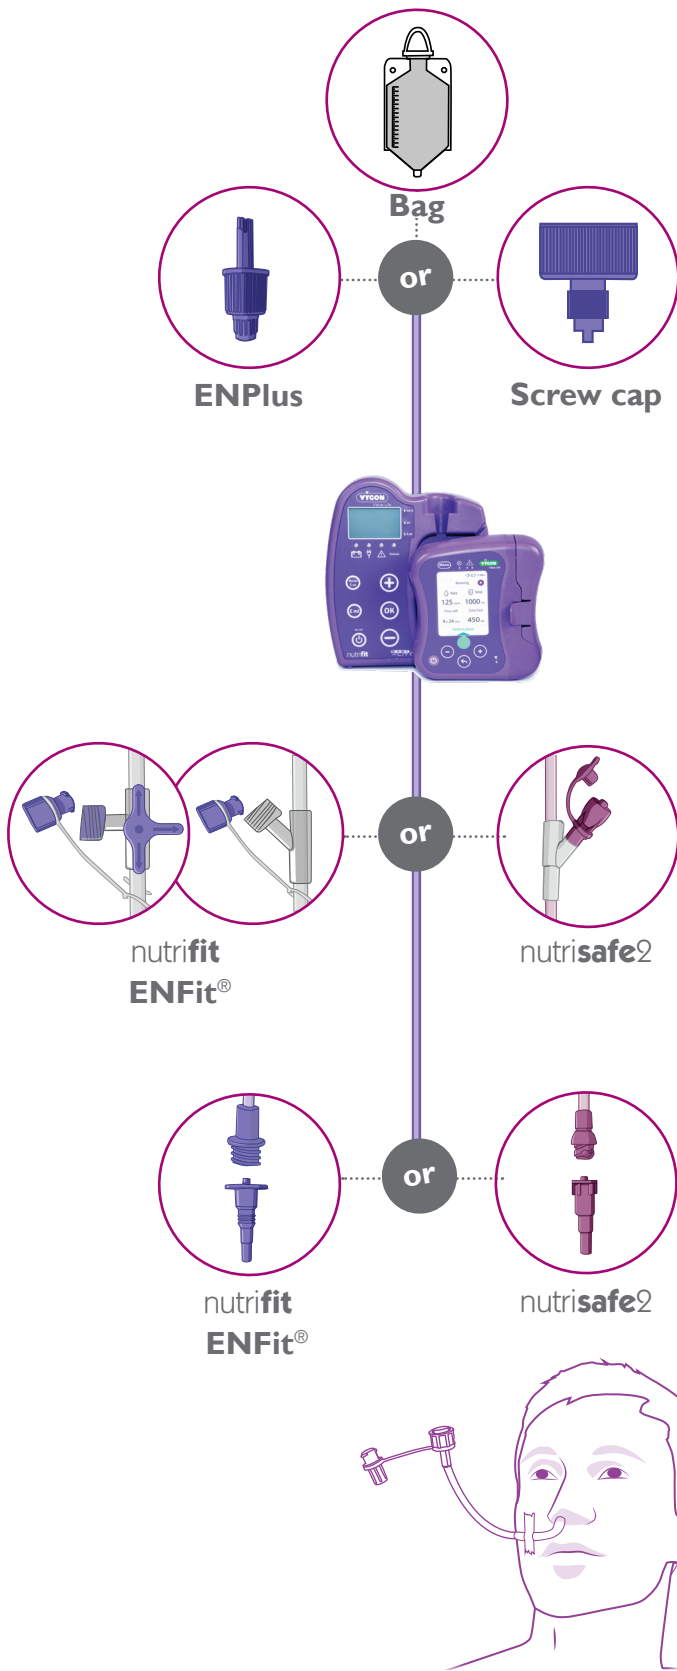

- **Weight:** 1400 g
- **Autonomy:** 7 hours at 125 ml/h
- **Accuracy:** 10%
- **Flow rate range:** 1 to 600 ml/h
- **Volume range:** 1 to 9,999 ml
- **Automatic prime:** 1 min 35 sec
- **Memory:** 24 hours
- Visual and audible alarms
- Integrated pole clamp

- **Weight:** 650 g
- **Autonomy:** 20 hours à 125 ml/h
- **Accuracy:** 5%
- **Flow rate range:** 1 to 400 ml/h
- **Volume range:** 1 to 9,999 ml
- **Automatic prime:** 1 min 45 sec
- **Memory:** 24 hours
- Visual and audible alarms
- Multiple languages available
- **easysoft**

Reference	Designation	Qty/box
0VEPL6Xxx(1)	easylit6 stationary pump: programmable flow rate and volume	1
0VEPM6Xxx(1)	easymoov6 ambulatory pump: programmable flow rate and volume, nutrition mode	

(1) Xxx : required plug and language version to specify

# GIVING SETS

## Proximal connection

ENPlus connection mitigates risks of misconnection with parenteral solution bags.

Enteral nutrition bags are available in 500 ml, 1200 ml and 1500 ml.

The screw cap connection allows a direct connection to bottles.

## Lateral connection

Lateral connection of giving sets is available with the safe connection ENFit® or with Vygon's safe system nutrisafe2.<sup>(2)</sup>

## Distal connection

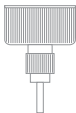

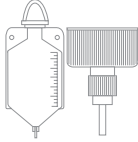

Distal connection of giving sets is available with the safe connection ENFit® or with Vygon's safe system nutrisafe2.<sup>(2)</sup>

Giving sets are delivered with a christmas tree connector screwed on the distal connection.

<sup>(2)</sup> Vygon recommends nutrifit (ENFit®) for paediatric and adult use and nutrisafe2 for neonatal use.

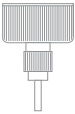

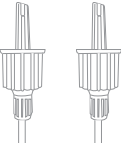

Distal connection: ENFit® & christmas tree
